U.S. AID FOR PLAN IS VITAL FACTOR

EXPERTS AGREE IT IS NECESSARY TO LEAGUE SCHEME

PROTOCOL CONDITIONS NEED AMERICA'S HELP

Must Have Beneficial Neutrality of U. S.—Two Examples Cited to Show Nature of Problems to Be Overcome.

Geneva.—In the preliminary study of the protocol for the pacific settlement of international disputes, which were recently adopted here, the experts of the league of nations gradually are reaching the conclusion that without at least the beneficial neutrality of the United States it will be difficult, and probably impossible, to organize sanctions against any aggressive state.

Article XII of the protocol asks the economical and financial organization of the league to study and report on the steps which should be taken to give effect to the financial and economic sanctions stipulated in the covenant and clarified in the protocol.

Already the league's experts attached to the financial, economic and transit sections are preparing plans for presentation at the meetings of the various technical commissions which are composed of the governmental representatives of the various states.

This preliminary study has demonstrated forcibly the terrific nature of the problem of arranging any effective system of sanctions with the United States not adhering to the protocol.

Among the many examples that might be cited two are brought forward. They are those where the signatures to the protocol shall endeavor to bring pressure against an aggressor state by cutting off all loans and all supplies of war materials. It is pointed out in such a contingency an aggressor state always could have the resort of applying to the United States for help.

Generally speaking, according to well-informed quarters in league of nations circles, a first examination of the protocol conditions shows clearly the urgent need of obtaining American collaboration in any universal scheme of arbitration and security founded on preventing sanctions if such a scheme could hope to be successful.

WU ARMY DECISIVELY BEATEN IN DANGER OF ANNIHILATION

Mukden.—Flushed with victory, the Mukdenites are giving the defeated armies of Wu Pei Fu no respite, continuing the strong offensive with the intention of annihilating the entire Chimli force in the neighborhood of Shanhaikwan. Meanwhile Mukden airplanes are driving the Chihli fleet to the sea, sinking two ships and damaging others. General Wu is reported to be aboard the cruiser Hai Chi, its whereabouts being unknown.

A communique reports a signal victory by the Mukdenites on the Jehol front at Julingshan, where the third brigade of the second army, under General Chang Chun Chang, scattered the main Chihli army of 20,000, capturing 1,400, including thirty-one officers, 1,800 rifles, three guns and seven machine gunners.

Sunday Would Protect Faith

Elmira, N. Y.—Billy Sunday believes somebody should start a "university where parents may send their children without having their Christian faith blighted," and he may do it himself, he told his revival congregation here. "Many parents have come to me and asked me to recommend a really Christian university," Sunday said, hitting at the modernists in education and religion. "I think I shall hav to start such a place myself."

Imbrie Murderers Convicted

Teheran.—Two more persons have been convicted of complicity in the murder of American Vice-Consul Major Robert Imbrie a few months ago by a mob of religious fanatics. The American charge d'affaires demanded the infliction of capital punishment, but the authorities will not comply with this demand, for Mohammedan law is averse to hanging more than one for a single murder.

Kid McCoy Declared Sane

Los Angeles.—Kid McCoy, former pugilist, scheduled to be tried here December 8 on a charge of murder, was declared sane in a report submitted to the district attorney's office by two physicians who had been called to examine him. The alienists spent an entire morning closeted with McCoy, during which they submitted him to numerous mental tests.

SAN FRANCISCO POLICE ACT TO BAR TONG WAR

Chinatown Guard Doubled on Report That Coast City Gunmen Had Appeared in New York—No Outbreak Expected.

San Francisco. — Police patrol of Chinatown was doubled, following word from New York that the three Chinese who started the tong war that is inflaming the Oriental quarters of the east, were San Francisco gunmen, hired and imported for the battle.

Thus far the fight between the rival Hip Sing and On Leong tongs, starting in Schenectady, N. Y., last week, has not affected the peaceful exterior of San Francisco's Chinese quarter. But with the arrest and identification of the three ringleaders of the war as San Francisco tong men, the head of the Chinatown squad is taking added precautions.

Chief of the gunmen is Fung Chun, alias Chin Sun, member of the Suey Sings, who fled from San Francisco, last year, after having stolen a slave girl from the Bing Kong tong. His theft threatened to start a tong war at that time between the Suey Sings and the Bing Kongs.

Fung Chun's companions in the Schenectady capture were Lee Gow, a Suey Sing man of Oakland, and Joe Sam, whom the San Francisco police have been unable to identify.

As was thought at first, the present tong war did not start as an offshoot of the civil war now raging in China, but from an apparently minor cause, information from Schnectady revealed. Four hundred members of the On Leong tong joined the rival Hip Sings for some undetermined reason. The Hip Sings demanded that the On Leongs expel their new acquisitions and the On Leongs refused. Then the secretary of the Hip Sings was murdered—supposedly by the three San Francisco gunmen, and the fight was on.

$8,000,000 IS COST TO U. S. FOR DRY LAW ENFORCEMENT

Washington. — Prohibition enforcement in the United States in 1925 will cost the government about $8,000,000, according to present indications, says the state treasury. Secretary Mellon regards the present enforcement corps as adequate and feels that unless there is a material change n the situation no increase in the appropriation will be necessary next year.

Increased facilities in the United States coast guard, including both personnel and fast rum chasers, have succeeded in cutting down the enormous tide of liquor that has swept into the United States during the last two years, according to Mellon.

Various estimates have fixed the smuggled liquor at from 250,000 to 1,000,000 cases a month. These figures have been materially lessened in the past month, according to officials.

Oil Companies Make Peace

Mexico City.—An agreement has been reached on "the fundamental points in the long-standing controversy between the oil companies and the government," says a treasury department statement issued at the conclusion of the conferences between the government officials and a committee of the Association of Producers of Petroleum in Mexico, which has been in session here since September 17.

Church Compromise on War

Cleveland.—A compromise resolution dealing with war was adopted by the international convention of the Disciples of Christ. Discussion of the subject had threatened to result in a serious division of delegates and a compromise was affected only after considerable debate. The original text included the clause, "that the church should not sanction war." This clause was omitted.

Triplets Win Man Pardon

Mesquite, Tex.—The birth of triplets to Mrs. Violet Hall of this place, has earned for her husband, Robert Hall, a parole from the penitentiary of Texas, it was learned from a telephone conversation with Lieutenant-Governor T. W. Davidson, acting governor.

Speedway Crash Hurts Driver

San Jose.—W. W. Forrest, San Francisco automobile racing driver, was seriously injured in an accident at the San Jose speedway Sunday.

Woman for Wyoming Governor

Cheyenne. — The Democratic state convention here nominated Mrs. Nellie Taylor Ross, widow of the late governor, William B. Ross, to succeed her husband. The nomination was by acclamation after the name of Patrick O'Connor of Casper, had been withdrawn.

Vote as you please—but vote!

The suffrage is not your inherent, God-given right. The suffrage is a privilege given you by your country, the United States of America, the richest, the most powerful, the freest nation of earth, and of all lands the most desirable. It is a privilege that carries with it the responsibility of the good American citizen to carry on the work of the patriots who gave us the Declaration of Independence.

Abraham Lincoln, fifty-nine years ago, asked for renewed vows of fealty to "—that government of the people, by the people, for the people, shall not perish from the earth." How shall that government live—if the people do not vote?

Confronted with a mass of evidence which insured his conviction, William ("Big Bill") O'Connor, last of the "California Daylighters," pleaded guilty to the $100,000 robbery of the Houston-Gillmore jewelry store, at San Francisco, last June. The penalty is a term of from five years to life in San Quentin prison.

Divorces in California are decreasing in proportion to the number of marriages. During the calendar year of 1923 there were 55,190 marriages and 9,381 divorces. During the year of 1922 there were 47,477 marriages and 9,227 divorces. This shows a gain in marriages of 16.2 per cent and a gain of only 1.7 per cent in the number of divorces granted.

The secret arrest of Max C. Fox, proprietor of a well-known San Francisco Chinatown soft drink parlor, and the announcement by Prohibition Director Rutter that grand jury summonses may be issued to the 1,600 prominent San Francisco and east bay men whose names appear on the books of the raided club, provided additional interest in the city's seething bootlegging sensation.

Many automobiles sold before September 1, 1923, the date the present California vehicle act became effective, are still equipped with lenses or reflectors which were legal at the time they were sold, but which do not meet the more stringent requirements of the present law. Section 102 of the California vehicle act permits motorists to use this old equipment until December 31 of this year, although the sale of a new car so equipped has been illegal since September 1, 1923.

CONG. FREE IN COOLIDGE CAMPAIGN

Washington, D. C.

Congressman A. M. Free, of this district, returned to Washington today after two weeks spent in campaigning for President Coolidge in Indiana and Ohio. The Congressman returned for a few days rest and for a conference with the President and the Republican leaders.

The leaders have decided to put on an intensive campaign in doubtful states, and Mr. Free has been requested to spend the remainder of the time before election in Wisconsin and Iowa. He left Thursday for a very intensive speaking campaign.

Congressman Free is looked upon as one of the best informed men on agriculture and agricultural legislation in Congress, and his campaign speeches have been of great benefit, particularly in farming communities, to the Coolidge campaign.

ROOSEVELT DAY AT CAMPBELL

The Roosevelt Redwood Tree Association has arranged for the observance of Roosevelt's birthday, which this year falls upon next Monday.

This organization was formed to help perpetuate the memory of this great man, especially as Campbell has the unique incentive of the beautiful Redwood Tree planted by him on our High School grounds in 1903.

Roosevelt's birthday has again been designated as "Navy Day" and so it is quite fitting that Captain E. L. Beach, of Stanford University, retired Naval Officer, should have been chosen as speaker of the day.

In deference to a suggestion of Captain Beach that the occasion be made a joint observance, Ensign R. G. Witkins, U. S. N. R., has agreed to have as many of the naval reserve as possible present in uniform. The presidential salute will be fired by reserve members.

The San Jose high school band will be present and play some of the national airs, and the Grammar school will lead in singing.

The exercises will be held at 2:30 o'clock Monday around the Roosevelt Tree if the weather is permissable, but otherwise in one of the schools, and a large attendance of our patriotic citizenry will undoubtedly be present to honor the memory of this great man.

ATTORNEY TOMPKINS ADDRESSES CLUB

Mr. S. G. Thompkins, of San Jose gave a very instructive and appealing talk to the Country Woman's Club Monday on the subject "Relation of the States to the Nation—State Laws, Authority, Rights." He gave a brief outline of conditions which led up to the formation of the Constitution and dwelt upon the powers delegated by that document to the National Congress and the Supreme Court, and what were left for the states. Mr. Thompkins urged a hearty support of the Constitution which has proved adaptable to all our growth and changes.

The speaker said that he considered the greatest single event in American History was the conferring of the franchise on the women, who all over the country are taking their political duties seriously and organizing clubs for the study of government, political policies and international conditions.

Miss Olive Hanger played two very interesting piano numbers, "Kammenoi Ostron" by Rubenstein and "XVI Prelude" by J. S. Bach.

The committee for the afternoon was Mrs. Parkhill, Mrs. Ross, Mrs. Weaver and Mrs. Cooley.

Initial steps were taken to prepare for the entertainment which Mrs. Vaudine Sanders will present in the near future, and Mrs. L. L. Miracle was appointed to represent the club at the meeting of the San Jose Woman's Club Wednesday.

HI-Y CHOSE OFFICERS

The local Hi-Y held its first business session at the Methodist parlors last week and elected officers for the year. They are: president, Harold Cramer; vice-president, John Duncan; secretary, John Hummel; treasurer Bernard Robson.

The boys have an enthusiastic group numbering about a score with prospects for a substantial increase. They will meet alternate Thursday evening for study and social benefits and Wednesday noons of the other weeks for a group luncheon.

They are already making plans for the annual father and son banquet which will be held in November.

Where Do You Keep Your Valuables?

The bureau drawer and the mattress afford little protection against the ravages of fire or the visits of thieves.

Absolute security, however, is assured when your jewelry, heirlooms, securities, deeds and other valuables are locked in our steel safe deposit Vault.

The cost of this protection is trifling — approximately one cent a day.

THE TARIFF PLANK

The Democratic platform says that the Fordney-McCumber Tariff is:"The most unjust, unscientific and dishonest Tariff measure ever enacted in our history."

Under the operation of this Tariff measure **5,000,000 unemployed workers have found work** at the highest level of wages ever known; our exports increased more than $1,500,000,000, and **thirdly, our duties from imports have added some** $1,100,000,000 to our National Treasury.

When the Bryan Brothers get to explaining **that democratic tariff plank they will have to** avoid facts, for there are many more to add to the three presented above. For instance, we have sold in two years $3,000,000,000 worth of manufactured goods abroad. Whom have we cheated? Whom have we deceived? None. The tariff has helped and is helping every man woman and child, except the pawnbroker, in the United States.

W. C. T. U.

There was a goodly attendance to greet Mrs. Chandler, a worker from Maryland and Dr. Bearby, of San Jose, at the last meeting of the union that was held with Mrs. Whitman, October 15. During the devotional hour loving tributes were paid those who have been promoted to higher service during the past year,—"Comrades of yesterday, now saints of God,"—Mrs. Mabel Henry, Mrs. Minnie Lewis, Mrs. M. J. Wilson, and Dr. Cooper.

"Beautiful souls into glory gone,
Beautiful lives with their crowns now won
God giveth thee rest.
Rest from sorrow, suffering and fears,
Rest from all possible sighing and tears,
Rest in God's endless, wonderful years.
At home with the blest."

Mrs. Elida Walker, a W. R. C. member from Wisconsin, recited a beautiful patriotic selection, appropriate to Dr. Coooper as a Grand Army member. The speakers of the daygave excellent, helpful talks. Dr. Bearby urged mothers and grandmothers to refrain from giving the babies opiates hen they cried and to desist, always, from the use of patent medicines. The doctor has been greatly encouraged, when interviewing physicians, now and then, to find them so universally opposed to the use of liquor as a remedial measure. Nurses, also, she has alays found to be in favor of medical temperance. Mrs. Chandler gave a fine talk, recalling many delightful and interesting experiences during her years of temperance activities in Maryland. At the close of her address, the hostesses invited the ladies to remain and meet the guests of honor. At this point, it was announced that a valuable package had arrived by air mail and would now be opened. This was done at the secretary's desk and as found to contain many lovely and useful articles—all marked for Mrs. Treat, the faithful secretary. A more surprised individual it would be difficult to find. During the social hour delicious fruit punch and wafers and home-made candies were served. The next meeting will be with Mrs. Newcomb, October 29, when the delegates to the state convention will give echoes of that meeting. Guests are always welcome.
